Upper Snowy Landcare Network invites you to Gegedzerick Open Day

Upper Snowy Landcare Network
manages the western portion of the
Gegedzerick Travelling Stock Reserve.

The area is being used to trial land
regeneration methods with the support
and participation of the Ngarigo people
and funding from the Environmental
Trust.

- 10am Welcome to Country with Smoking Ceremony
- Hear from researchers about climate testing trials of Ribbon/Manna gum (*Eucalyptus viminalis*) and Snow Gum (*Eucalyptus pauciflora*) seedlings
- View trial sites for direct seeding, mosaic burns, hydromulching, and various planting treatments
- Learn about mychorrizal fungi research
- Discover local flora and fauna on a guided walk
- Plus enjoy a free BBQ picnic lunch, face painting, native plant stall, and more!

This event is supported by:
